

Hello Parents,

I am writing to tell you about a new enrichment course that will be offered this fall. The course is designed for 6th-12th grade girls who are identified as gifted. The course will be divided into two groups, 6th-8th and 9-12th. Teacher/parent recommendation form with examples of student work or qualifying standardized test scores are acceptable forms of identification for this course. Course participation will be based on teacher or parent recommendations. Invitations will be sent to all recommended students so that students have an opportunity to make a personal decision about participation.

The purpose of the course is to use film to relate with gifted girls on issues that they may face in their daily lives. The format of the class is meant to foster a healthy environment of like-minded peers who will have the opportunity to share thoughts and feelings through viewing selected films guided discussions, and journal activities.

If you think your student would enjoy this enrichment course, please fill out the recommendation form along with the permission form for participation. If you have any questions about the course, please feel free to contact me via email or phone at your convenience. My contact information is listed below.

I am excited about this opportunity to connect with students through this unique format and content. I believe it will build skills that will help the students throughout their lives and help them to find their voice as they journey through the experiences of characters in the films.

I look forward to partnering with you to guide your gifted girl!

Sincerely,
Rebecca Johnson, *M.Ed.*
